

## Dependent Children on Employee Healthcare

Since we are a grandfathered plan under Affordable Care Act (Obama Care), an employee is able to keep his dependent children on the Plan until they are 26 years old. There are no restrictions on this.

Therefore, even if they are eligible for other coverage they can still stay on the Plan. If your child has been removed from the Plan and you would want to put them back on the Plan, Call UMR at 866-268-3489. UMR should put the child back on the Plan.

The PIB (Program of Insurance Benefits) is incorrect on this matter.
